ABOUT SOFTAMBULANCE DATA RECOVERY COMPANY

Founded in 2005, SoftAmbulance Data Recovery Company specializes in delivering fully featured and specialized data recovery tools to general computer users. SoftAmbulance Data Recovery Company products can be used by everyone with or without prior experience in data recovery thanks to the innovative step-by-step user interface used in every sold company's product. Today, the company's range of data recovery tools allows recovering and repairing digital pictures and email databases, undeleting deleted files and fixing corrupted partitions and inaccessible hard drives in just a few mouse clicks.

As a potential client you could be interesting in viewing our [refund policy](#).
